

THE LEGISLATURE.

The Legislature is expected to meet at Carson next Monday. The Constitution provides that it shall convene biennially at the State capital and the members will doubtless endeavor to comply with that requirement of the fundamental law, but force may be used to prevent them. The idea of having a legislative body, every member of which, elected last November is an avowed silver man, meet at the Capital of the Silver State, is abhorrent to the goldbugs, and it is possible that the Mint brigade may be drawn up in line in front of the State Capitol to prevent the newly elected members of the Senate and Assembly from entering the building.

It is greatly to be hoped, however, that milder measures will be restored to. The Justice of the Peace of Carson is, we believe, a goldbug, and the only one elected in Ormsby County last November. He might issue an order restraining the members from organizing.

The object sought to be attained is said to prevent the election of William M. Stewart to the United States Senate.

As the people elected, by an overwhelming majority, the legislative candidates who were pledged to Senator Stewart, an attempt to prevent his election by a technicality might cause serious trouble. That the Legislature will meet and organize there is no doubt, and it has been suggested that if they pass no appropriation bill until after the Senatorial election, the constitutionality of the Apportionment Act cannot be determined as proceedings will be doubtless inaugurated by enjoining the State officers from honoring demands on the treasury.

That the Legislature will elect a United States Senator and that that Senator will be William M. Stewart there is no doubt.—Journal.

IN LINE WITH SILVER.

The Enterprise of yesterday morning had the following:

With this number of The Territorial Enterprise, the New Enterprise Publishing Company salutes its readers in anticipation of cementing friendship, reliance, trust, to the mutual benefit of both, the advancement and prosperity of the State of Nevada generally and Storey county particularly.

The politics of the paper will necessarily be independent, aligning itself, as it will, with the principles announced by the Silver party of Nevada in the last political campaign. To carry out these principles, independence of action and thought is required. In no other way can Silver be held as our paramount industry.

It will be the earnest endeavor of The Enterprise to protect the interests of the people against corporate greed, avarice and every encroachment upon their civil rights and personal liberty from every quarter whatsoever, but at the same time recognizing the mutual, interdependent interests of both.

The APPEAL is glad to welcome the Enterprise, into the ranks of the Silver party where it belongs.

Mr. Campbell the retiring editor has been at the head of the Enterprise for many years, and always ran a clean, fair newspaper, ever mindful of the ethics of gentlemanly journalism. He retires with the best wishes of the newspaper fraternity all over the state.

The Cleveland, Ohio, Plaindealer which advocated the election of Cleveland, is one of the latest converts to the silver cause. It admits that the demonetization act worked a great injury to the agricultural as well as the silver producing States. In a recent issue in discussing the subject it says: "The heaviest blow struck at the agricultural and industrial classes was the demonetization of silver nearly twenty years ago. It did not lower the value of silver, for that remains the same today in relation to other commodities as before the pernicious legislation of 1873, but it increased the value of gold as measured by everything else and the appreciation is steadily going on."

The United States Supreme Court has denied a motion to advance the case of Merrick ex rel. vs. Charles Foster, Secretary of the Treasury, properly known as "the silver-brick case."

Benton's Liniment.

Which has been used in Carson for over twenty-five years, has saved many an ache and pain to those who know it. It is really intended for horses but works with the same magical effect on the human. It is a powerful remedy and for rheumatism is the king of the world. Aches knocked out in short order. No horseman should be without a bottle. n6tf

A. Livingston now practically controls the wholesale liquor trade of the city. He is continually adding to his stock and sells only standard brands. He is also introducing some excellent California wines to the people of Carson, as well as foreign and domestic cigars of the finest quality. Drop in and inspect his stock. d 13 tf

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.
